FOCUS

EXECUTIVE SUMMARY

A launch built on four compounding tailwinds.

Mach Five enters at the intersection of India's supplement boom and the global creatine + brain-health surge. This is a D2C-first plan: build the brand, prove the funnel, then reinvest behind what sells.

RECOMMENDED ENTRY

D2C-first (own store) → marketplaces → quick-commerce → offline, sequenced to sales.

MARKETING INVESTMENT

₹3-11 L / month (ramped) + one-time brand & store build; scaled behind proven ROAS.

TURNAROUND

First traction by Month 3 · contribution breakeven ~Month 6 · profitable scale by Month 9-12.

YEAR-1 AMBITION

Build to a ₹40 L+ monthly run-rate; ~₹4-5 Cr Year-1 revenue enabled (illustrative).

REPORTING

Monthly — against CAC, ROAS, repeat rate and run-rate, not vanity metrics.

THE CATEGORY, COMPOUNDING

25%

global creatine-supplement CAGR — the fastest-growing corner of a booming market.

India, still early

THE MARKET

The Opportunity

Market size, growth and the white space Mach Five can own.

01

Mach Five rides the fastest-growing categories in nutrition.

5-year CAGR by category — the brand sits where growth is compounding hardest.

Category growth · CAGR to 2030

\$5.2B

India dietary-supplements market (2024) — growing 13% a year.

\$3.8B → \$7.4B

India functional-drinks market, 2024 → 2030.

\$1.4B → \$4.2B

Global creatine supplements, 2025 → 2030.

India's supplement market roughly doubles by 2030.

India dietary-supplements market, USD billion — a rising tide Mach Five launches into.

Sources: Grand View Research; MarketsandData; Market.us. Figures illustrative and directional.

Where Mach Five plays — and what it can win.

TAM • ₹75,000 Cr

India supplements + functional beverages — the total category.

SAM • ₹5,000 Cr

Premium, online-first performance & cognition nutrition (est.).

SOM • ₹15–20 Cr

Mach Five's realistic 3-year D2C capture (est.).

The wedge: win a focused, winnable slice online first — then expand the addressable market channel by channel.

BRAND & POSITIONING

The Brand

How Mach Five shows up, who it's for, and what it looks like.

02

One drink, four jobs.

Mach Five is the functional daily fuel for people who train hard and think harder.

01

Energy

Clean, sustained energy —
no crash.

02

Strength

Creatine-led performance &
power output.

03

Recovery

Vitamin C + actives for
faster bounce-back.

04

Brain

Focus and cognition for
work and study.

Positioning line: “Fuel for the fast — energy, strength, recovery and focus in one clean daily hit.”

A clear gap: premium, brain-and-body, made for India.

THE WHITE SPACE

- Premium, not mass.
- Body + brain in one.
- Made for Indian routines & taste.
- D2C storytelling, not shelf clutter.

Three people we build for.

The Lifter

22-32 · GYM 4-6×/WK

Wants clean creatine & recovery that actually works. Reads labels, follows fitness creators.

The Grinder

24-35 · FOUNDER / KNOWLEDGE WORKER

Needs energy + focus without the crash. Buys into performance & brain health.

The Optimiser

20-30 · STUDENT / EARLY-CAREER

Health-curious, values-driven, discovers brands on Reels; wants aspirational + affordable.

Mood board & art direction.

PALETTE

Volt

Focus

Vit-C

Ink

Paper

TYPE · Glacial Indifference / Inter

Aa

bold display · clean body

Direction: matte-black + volt-green, high-contrast studio product shots, real Indian athletes, science-forward brain motifs, citrus macro pops. Full AI-image prompts in the appendix.

GO-TO-MARKET

Market Entry

The wedge, the channels and the 12-month roadmap.

03

Enter narrow, expand by channel.

Win D2C first with a hero SKU, then unlock each channel as sales prove out.

01

D2C store

OWN THE STORY & MARGINS

Shopify hero-SKU launch,
content + creators,
performance ads.

02

Marketplaces

CAPTURE DEMAND

Amazon & Flipkart once
reviews & ROAS are proven.

03

Quick-commerce

WIN IMPULSE & REPEAT

Blinkit / Zepto / Instamart in
metros at scale.

04

Offline & gyms

TRUST & TRIAL

Gym tie-ups and select retail
as the brand compounds.

A phased 12-month launch — with a clear turnaround point.

Q1 · M1-3

Build & Validate

Brand, Shopify store, hero SKU launch, seed content, micro-influencers, creative testing.

→ First ₹5 L MRR

Q2 · M4-6

Traction & Breakeven

Scale winning ads, Amazon launch, subscriptions, UGC engine. Contribution breakeven ~M6.

→ ₹15 L MRR

Q3 · M7-9

Scale

Quick-commerce, SKU 2, brand ambassador, PR push, retention flows.

→ ₹30 L MRR

Q4 · M10-12

Expand

Offline & gym pilots, SKU 3, category push, always-on performance.

→ ₹40 L+ MRR

BUDGET & RETURN

The Numbers

Where the money goes, the milestone ladder, and the payback.

04

Where the marketing budget goes at scale.

Illustrative monthly marketing mix once the engine is proven (~₹11 L). Media-led, content-fuelled.

₹50 K

One-time · Branding & identity

₹60 K

One-time · Shopify store build

₹3 → 11 L

Monthly marketing, ramped by proof

45%

Goes to performance media at scale

Excludes Shopify/app subscriptions, shoot actuals (models, travel, food, studio) and GST — billed per the deliverables proposal.

What we do after each sales milestone.

A reinvestment ladder — every rupee of new revenue unlocks the next channel and lever.

Revenue ramps; contribution turns positive by Month 6.

Illustrative monthly revenue (₹ Lakh). Every input is tuned to Mach Five's real numbers at kickoff.

MEASUREMENT

Reported monthly — against sales, not vanity.

CAC

Cost to acquire a customer, by channel & creative.

ROAS

Blended & channel return on ad spend.

Repeat %

Repeat-purchase & subscription rate — the D2C flywheel.

Run-rate

Monthly revenue & MRR vs the milestone ladder.

AOV / LTV

Basket size and lifetime value vs CAC.

Reach & saves

Content performance feeding the funnel.

Reviews

Rating volume & sentiment — trust that compounds.

Contribution

Unit economics & path to profit.

NEXT STEPS

From plan to launch.

01

Lock scope & budget

Confirm the deliverables proposal, marketing budget and the go-to-market sequence.

02

Build the brand & store

Identity, packaging, Shopify store and the launch content engine.

03

Launch & reinvest

Go live on D2C, prove the funnel, and climb the milestone ladder.

Let's give Mach Five its launch velocity.

AI image prompts – mood board.

Copy-paste into Midjourney / Firefly / DALL·E to generate the real photography for the board above.

PRODUCT HERO

“Matte-black Mach Five creatine + vitamin-C drink can on seamless studio background, volt-green rim light, condensation, dramatic hero product photography, high contrast, minimal, editorial, 4k.”

STRENGTH / GYM

“Young Indian male athlete mid-explosive lift, sweat and chalk, moody gym lighting with volt-green accent, motion energy, cinematic, 85mm.”

CITRUS / VIT-C

“Extreme macro of fresh citrus and effervescent bubbles, water splash, vibrant, clean studio, amber + green palette, science-forward.”

BRAIN / FOCUS

“Abstract glowing neural network, green-blue synapse lines over deep black, macro, futuristic, clean, cognition energy.”

RECOVERY / CALM

“Post-workout Indian athlete resting with towel and drink, soft natural window light, warm authentic lifestyle, calm.”

LIFESTYLE

“Diverse young Indians laughing after a run, urban rooftop at golden hour, candid, energetic, aspirational, cinematic.”
